

Zone J Review

Consultation Outcome

Why have I received this summary booklet?

Parking Services consulted residents and businesses in the area between June and July 2019 to see whether the existing parking controls still suited local needs.

We would like to thank all those people who returned their questionnaire and provided feedback during the consultation. Your views are important to us and have helped shape the future of parking in your area.

We are pleased to announce that the consultation feedback has been reviewed and the final design has been approved by the Council. We will shortly commence signage works in the area to implement these changes pending statutory consultation.

This booklet provides a summary of the consultation results, final design of the parking restrictions for your area and dates of when the restrictions are likely to be implemented.

To view the full consultation results you can:

- Download a copy of the report from our website: hackney.gov.uk/parking-hys
- Email consultparking@hackney.gov.uk
- Or call **020 8356 8877**

Parking zone design changes

During the public consultation we sought your views on:

- The operational hours of parking controls in your zone
- Proposed design changes

Response Rate

Consultation packs were delivered to 8,584 households and businesses in the Zone J area. In total, 446 valid responses were received from addresses in the consultation area which equates to a response rate of 5%. This is below the average response rate for a standard review consultation which is between 6-7%.

Consultation Feedback

Operational Hours

As part of the consultation, we asked for your views on the current operational hours for your zone to ensure that they still meet your needs. Residents and businesses were given 2 options on the hours of operation which included:

- Option 1: Monday to Friday 8.30am to 6.30pm (current hours of operation)
- Option 2: Monday to Saturday 8:30am to 6:30pm

91% of respondents provided feedback to this question, with the majority 68% being in favour of retaining the current operational hours of **Monday to Friday 8.30am to 6.30pm (current hours of operation)**.

Table 1: Support for parking operational hours

	Responses		Percentage	
	Option 1	Option 2	Option 1	Option 2
Grand Total	275	132	68%	32%

Although the majority of the feedback indicated support for the existing hours, roads surrounding the Broadway Market area showed support for Option 2, **Monday to Saturday 8.30am to 6.30pm**. Feedback provided stated that those in favour of Option 2 suffered high parking stress on the weekends as a result of their close proximity to Broadway Market.

Based on the feedback received, we recommend the retention of the existing operational hours of Monday to Friday 8.30am to 6.30pm in all Zone J roads, except for the following roads:

- **Ada Street**
- **Andrews Road**
- **Ash Grove**
- **Beck Road**
- **Bocking Street**
- **Bush Road**
- **Croston Street**
- **Dericote Street**
- **Duncan Road**
- **Jackman Street**
- **Regents Row**
- **Sheep Lane**
- **Welshpool Street**
- **Westgate Street**

The above roads will have different hours of operation which will be:
Monday to Saturday 8.30am to 6.30pm.

The recommended hours of operation reflect the differing needs of the area.

Broadway Market and Benjamin Close

As there are already existing controls in place for Broadway Market and Benjamin Close on Saturdays due Broadway Market, these restrictions will remain in place. Parking bays on Benjamin Close will remain as Monday to Friday 8.30am to 6.30pm with additional controls in place on Saturdays.

Parking Design Changes

Parking Services will be changing the existing resident and business permit bays throughout Zone J to permit holder only bays. This change will standardise signage in this zone to help reduce the cost of maintaining the parking bays. There will be minimal impact to residents as their permits will continue to be valid in permit bays. There are currently 61 business permit holders in Zone J; the change in bays will open up more spaces to business permit holders.

Parking Services requested feedback on specific bay changes on some roads within the parking zone. The proposals highlighted in green in the table below received majority support and will be implemented. The remaining proposals which did not receive majority support or where support was split will not be implemented.

Design proposal 32 recommended a boundary change for properties number 2 to 86 Richmond Road into Parking Zone J. Parking Services will now consult residents in numbers 2 - 86 Richmond Road to determine whether this proposal is supported before making any changes to the boundary.

Following the publication of the Zone J review Delegated Report, a review of the findings into the Broadway market proposals will be carried out by the Council's Streetscene department. As a result, the implementation of these design proposals will not take place alongside the proposals indicated in the table below. Please contact our Streetscene department on streetsceneenquiries@hackney.gov.uk for further information.

What happens next?

February 2020

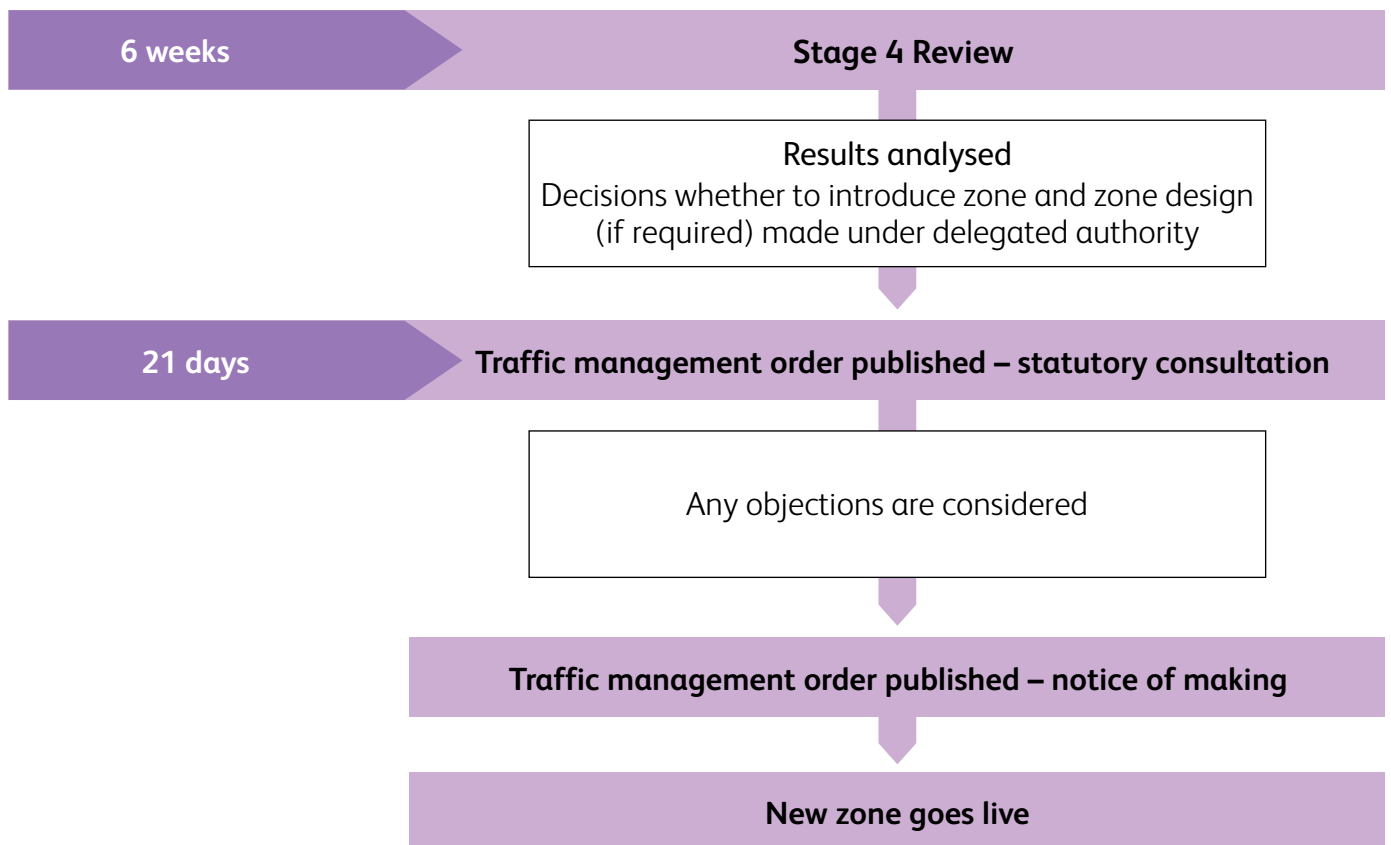

Statutory Consultation

Now that the public consultation has been completed and recommendations have been approved, the Council is required to carry out a Statutory Consultation, where a Traffic Management Order notice is advertised in the Hackney Gazette. The public then has a period of 21 days to raise any objections to the changes.

This process allows anyone to formally declare their representations on the changes proposed. All representations received will be considered. The Council is then required to draft a decision audit report detailing the objections and its recommendation on whether these objections will be upheld or not. The report is then approved by the Director of Public Realm prior to the measures being implemented.

The proposed Traffic Management Order will be advertised in the Hackney Gazette on **20 February 2020**.

All feedback will need to be received by the Council by **Thursday 12 March 2020**. Any feedback received after this date will not be considered.

May 2020

Parking Restrictions Implemented

Pending statutory consultation, we propose that lining and sign changes in the area will take place in May 2020. During this time, we will organise suspensions in order to carry out the works. Signs will be erected on site to inform you of the dates of the lining.

We will write to residents closer to the implementation date to provide further details regarding lining works and parking suspensions on their road.

Please be advised that any vehicle parked within the bays whilst the signs are being changed will not be enforced on until the start of the next day.

Frequently Asked Questions

E-permits

The Council has now introduced e-permits which mean resident permits and Companion badges are now electronic. This means that if you are due to renew your permit, you will not receive or need to display a paper permit on your vehicle. An E-permit becomes active from the date you select in your application. Once the permit has been purchased, an enforcement officer can confirm that a permit is valid by looking up the vehicle registration number in their hand held devices.

Visitor vouchers will remain as paper permits until further notice and will be delivered by courier.

All permits renewals or new applications can be made online by visiting our website hackney.gov.uk/parking

There is also a postal application service for those who do not have access to the internet. Please contact parking services on 020 8356 8877 to request an application.

Cost of permits

For information about the cost of permits and visitor vouchers please refer to our website hackney.gov.uk/parking or call Hackney Parking Services on **020 8356 8877**.

Where can I load and unload if I receive deliveries?

Active loading and unloading can take place on all single and double yellow lines where there are no loading restrictions and also in parking bays. For any specific requests, such as removals, you can request a dispensation or a bay suspension.

Please visit our website for more information hackney.gov.uk/parking

How can I apply for a disabled bay?

If you are a Blue Badge holder with no access to off street parking, you may be able to get a disabled parking bay installed outside your home. However, in order to qualify for a bay, there is a set criteria which you need to meet including an assessment by Social Services.

Although a disabled parking bay is registered to an individual once installed, it can be used by any Blue Badge holder as the bay is not personalised.

For any advice about disabled bays, please email disabledparking@hackney.gov.uk call 020 8356 8328.

What if I have a Blue Badge or a Companion Badge?

Blue Badge holders are eligible to park in all shared use bays (pay and display and permit) and pay and display only bays for an unlimited amount of time and for a maximum of 3 hours on single and double yellow lines, providing there are no loading restrictions in place and that the vehicle is not causing an obstruction. Blue Badge holders can also use any disabled bay.

Companion badge holders can park in the same bays as Blue Badge holders, but have the added advantage of being able to park in resident and permit parking bays within their home parking zone. For more information on Companion Badges please visit hackney.gov.uk/companion-badge

Type of parking bay	Permit, voucher or ticket required
General Permit parking bay	Resident or business parking permit
	Resident or business visitor voucher
Shared Use parking bay	Resident or business parking permit
	Resident or business visitor voucher
	Pay & display ticket
Resident parking bay	Resident parking permit
Business parking bay	Business parking permit

What if I own a motorcycle?

Motorcycles can park free of charge in all bays within a PZ where residents and businesses can park. (This excludes Zone B where parking for motorcycles are restricted to motorcycle bays only and pay and display bays within all zones).

Motorcycles should be parked at a right angle to the kerb and, if possible at the end of the parking bay. Dedicated motorcycle bays should be used if available, rather than resident permit bays.

What if I live on a Car Free Property?

A Car Free Property will be designated under a car free restriction in a planning legal agreement, and should be included in your lease or deeds. If you live on a Car Free Property you will not be eligible to purchase a parking permit. However, you are eligible to purchase visitor vouchers for your visitors.

Please ensure that you check the car free status of your property before applying for a permit. Information regarding the car free status of your property can be found in your lease or deeds.

If you want to apply for a permit and are not sure if you live in one of these areas please call us on 020 8356 8877.
