Dear Streetscene,

RE: TT1426 – OBJECTION TO ZONE T PARKING PROPOSALS

I object to the proposals to change CPZ times to 10-12 Mon-Fri. This would return us to the mayhem that used to exist in this zone and give parking priority to non-residents.

- Local residents will struggle to find parking
- Increased traffic will aggravate air pollution
- Air pollution is linked to increased risk of Covid-19
- Road safety will decrease, especially for children
- There will be reduced access for emergency vehicles, school buses and bin lorries

I am also concerned that the earlier consultation process was not fair, done correctly or properly explained to residents.

**I support the compromise proposition of:
Mon-Thurs 8.30 - 6.30 & Friday 8.30 - 12.00
which will meet the needs of everybody in the community.**

Yours sincerely

Dear Streetscene,

RE: TT1426 – OBJECTION TO ZONE T PARKING PROPOSALS

I object to the proposals to change CPZ times to 10-12 Mon-Fri. This would return us to the mayhem that used to exist in this zone and give parking priority to non-residents.

- Local residents will struggle to find parking
- Increased traffic will aggravate air pollution
- Air pollution is linked to increased risk of Covid-19
- Road safety will decrease, especially for children
- There will be reduced access for emergency vehicles, school buses and bin lorries

I am also concerned that the earlier consultation process was not fair, done correctly or properly explained to residents.

**I support the compromise proposition of:
Mon-Thurs 8.30 - 6.30 & Friday 8.30 - 12.00
which will meet the needs of everybody in the community.**

Dear Streetscene,

RE: TT1426 – OBJECTION TO ZONE T PARKING PROPOSALS

I object to the proposals to change CPZ times to 10-12 Mon-Fri. This would return us to the mayhem that used to exist in this zone and give parking priority to non-residents.

- Local residents will struggle to find parking
- Increased traffic will aggravate air pollution
- Air pollution is linked to increased risk of Covid-19
- Road safety will decrease, especially for children
- There will be reduced access for emergency vehicles, school buses and bin lorries

I am also concerned that the earlier consultation process was not fair, done correctly or properly explained to residents.

Dear Streetscene,

RE: TT1426 – OBJECTION TO ZONE T PARKING PROPOSALS

I object to the proposals to change CPZ times to 10-12 Mon-Fri. This would return us to the mayhem that used to exist in this zone and give parking priority to non-residents.

- Local residents will struggle to find parking
- Increased traffic will aggravate air pollution
- Air pollution is linked to increased risk of Covid-19
- Road safety will decrease, especially for children
- There will be reduced access for emergency vehicles, school buses and bin lorries

I am also concerned that the earlier consultation process was not fair, done correctly or properly explained to residents.

**I support the compromise proposition of:
Mon-Thurs 8.30 - 6.30 & Friday 8.30 - 12.00
which will meet the needs of everybody in the community.**

Yours sincerely

Dear Streetscene,

RE: TT1426 – OBJECTION TO ZONE T PARKING PROPOSALS

I object to the proposals to change CPZ times to 10-12 Mon-Fri. This would return us to the mayhem that used to exist in this zone and give parking priority to non-residents.

- Local residents will struggle to find parking
- Increased traffic will aggravate air pollution
- Air pollution is linked to increased risk of Covid-19
- Road safety will decrease, especially for children
- There will be reduced access for emergency vehicles, school buses and bin lorries

I am also concerned that the earlier consultation process was not fair, done correctly or properly explained to residents.

**I support the compromise proposition of:
Mon-Thurs 8.30 - 6.30 & Friday 8.30 - 12.00
which will meet the needs of everybody in the community.**

Yours sincerely

Dear Streetscene,

RE: TT1426 – OBJECTION TO ZONE T PARKING PROPOSALS

I object to the proposals to change CPZ times to 10-12 Mon-Fri. This would return us to the mayhem that used to exist in this zone and give parking priority to non-residents.

- Local residents will struggle to find parking
- Increased traffic will aggravate air pollution
- Air pollution is linked to increased risk of Covid-19
- Road safety will decrease, especially for children
- There will be reduced access for emergency vehicles, school buses and bin lorries

I am also concerned that the earlier consultation process was not fair, done correctly or properly explained to residents.

I support the compromise proposition of:

Mon-Thurs 8.30 - 6.30 & Friday 8.30 - 12.00

which will meet the needs of everybody in the community.

Yours sincerely

Dear Streetscene,

RE: TT1426 – OBJECTION TO ZONE & PARKING PROPOSALS

I object to the proposals to change CPZ times to 10-12 Mon-Fri. This would return us to the mayhem that used to exist in this zone and give parking priority to non-residents.

- Local residents will struggle to find parking
- Increased traffic will aggravate air pollution
- Air pollution is linked to increased risk of Covid-19
- Road safety will decrease, especially for children
- There will be reduced access for emergency vehicles, school buses and bin lorries

I am also concerned that the earlier consultation process was not fair, done correctly or properly explained to residents.

**I support the compromise proposition of:
Mon-Thurs 8.30 - 6.30 & Friday 8.30 - 12.00

Good morning

RE: TT1426 – OBJECTION TO ZONE T PARKING PROPOSALS

As a regular visitor to the area to see my relatives I am writing to object to the proposals that will change the CPZ times to 10:00 to 12:00 Mon- Fri.

It is my view that this change will take things back to the parking chaos that used to exist in this area, effectively give parking priority to non-residents. I object on the following grounds:

1. Local residents will struggle to find parking
2. My wife is disabled, and it used to be impossible to find anywhere to park close to our destination, this change will make it impossible again
3. Increased traffic will aggravate air pollution
4. Air pollution is linked to increased risk of COVID-19
5. Road safety will decrease, especially for children
6. There will be reduced access for emergency vehicles, school buses and bin lorries

I am also concerned that the earlier consultation process was not fair, or properly explained to residents.

I support the compromise proposition of: Mon - Thurs from 08.30 to 18.30 & Friday 08.30 to 12.00 which will meet the needs of everybody in the community.

Please confirm receipt of this email, and that it has been duly registered.

Yours faithfully

Dear Streetscene
RE: TT1426 – OBJECTION TO ZONE T PARKING PROPOSALS

I object to the proposals to change CPZ times in zone T. My concern is that the proposals will result in more traffic on Osbaldeston Road and reduce the hours of parking that I and other residents have recently been able to enjoy by 80%.

I'm particular, my reasons are that the proposals will cause

- Local residents again to struggle to find parking
- Increased traffic which will increase noise and aggravate driver agitation
- More air pollution, with the health issues this brings
- Road safety to decrease, especially for children
- Delays and reduce access for emergency vehicles, school buses and bin lorries

I would be very grateful if you would take these issues into consideration and reevaluate the proposals, as I think this will make a big difference to the life of our street. But if the Council is going ahead anyway, I also object to the proposal to reduce the hours of control to 10-12 Mon-Fri and I support the compromise proposal of Mon-Thurs 8.30-6.30 and Fri 8.30 - 12.

Dear Streetscene,

RE: TT1426 – OBJECTION TO ZONE T PARKING PROPOSALS

I object to the proposals to change CPZ times to 10-12 Mon- Fri. This would return us to the mayhem that used to exist in this zone and give parking priority to non-residents.

- Local residents will struggle to find parking
- Increased traffic will aggravate air pollution
- Air pollution is linked to increased risk of Covid-19
- Road safety will decrease, especially for children
- There will be reduced access for emergency vehicles, school buses and bin lorries

I am also concerned that the earlier consultation process was not fair, done correctly or properly explained to residents.

I support the compromise proposition of:

Mon-Thurs 8.30 - 6.30 & Friday 8.30 - 12.00

which will meet the needs of everybody in the community.

Yours sincerely

RE: TT1426 – Objection to Zone T Parking Proposals

Dear Streetscene,

I am writing to object to the proposals being consulted on to change CPZ times in Zone T to 10am-12pm Mon-Fri, for the following reasons:

- Local residents are likely to struggle to find parking.
- Increased traffic will likely aggravate air pollution.
- Air pollution is linked to increased risk of Covid-19, and will naturally hinder the council's excellent green agenda.
- Road safety could worsen, especially for children.
- This could cause reduced access for emergency vehicles, school buses and bin lorries.
- This could reduce the value of properties in the area

I support the compromise proposal of: Mon-Thurs 8.30am - 6.30pm; and Friday 8.30am - 12.00pm, which will better meet the needs of everybody in the community.

Yours sincerely

Dear Streetscene,

I am writing with regard to the proposals to alter the controlled parking times from 8:30 am to 6:30 pm Monday to Friday to 10 – 12 am Monday to Friday in Zone T. As someone who resisted any attempts by the council to institute restricted parking regulations on our street in past years, I was utterly astonished at the improvement the restrictions made to traffic flow and parking once they were instituted.

Under the old system of no regulated hours, we were virtually unable to use our car, partly for fear of not being able to park near our house on our return and partly because neighbouring streets became so backed up with cars unable to pass each other that it was extremely difficult to navigate the area. The parking restrictions that are now in place have utterly revolutionised the road traffic in our area, making it much much more pleasant to actually live and move around Stamford Hill and therefore I strongly oppose reducing the restricted parking hours.

Yours sincerely,

Dear Streetscene,

RE: TT1426 – OBJECTION TO ZONE T PARKING PROPOSALS

I object to the proposals to change CPZ times to 10-12 Mon- Fri. This would return us to the mayhem that used to exist in this zone and give parking priority to non-residents. This chaos continued for many years and created much noise pollution, overcrowding, an unsafe street. In addition, there was an increased presence of non resident traffic that appeared for short stays whilst 'transacting' especially given the streets is quite concealed. Furthermore, the property [REDACTED] operates ever changing businesses. The initial CPZ times stopped the multiple staff from this premises, taking up parking spaces for the entire day.

- Local residents will struggle to find parking
- Increased traffic will aggravate air pollution
- Air pollution is linked to increased risk of Covid-19
- Road safety will decrease, especially for children
- There will be reduced access for emergency vehicles, school buses and bin lorries

Dear Streetscene,

RE: TT1426 – OBJECTION TO ZONE T PARKING PROPOSALS

I object to the proposals to change CPZ times to 10-12 Mon-Fri. This would return us to the mayhem that used to exist in this zone and give parking priority to non-residents.

- Local residents will struggle to find parking
- Increased traffic will aggravate air pollution
- Air pollution is linked to increased risk of Covid-19
- Road safety will decrease, especially for children
- There will be reduced access for emergency vehicles, school buses and bin lorries

I am also concerned that the earlier consultation process was not fair, done correctly or properly explained to residents.

Dear Streetscene Networks Team

TT1426 - OBJECTION TO ZONE T PARKING PROPOSALS

I am writing to express my concerns regarding the proposed changes to the Zone T parking coz in Cazenove Ward. I am also concerned that the earlier consultation process was not done correctly or properly explained to residents.

- The proposals to change CPZ times to 10-12 Mon- Fri would return us to the mayhem that used to exist in this zone and give parking priority to non-residents. People outside the area will be encouraged to drive to and leave their vehicles in the area and it will be impossible to police the CPZ if it is only 2 hours a day
- Local residents will struggle to find parking, regardless of what they pay or need such as disability, having young children, etc
- Increased traffic and congestion will aggravate air and noise pollution
- Air pollution is linked to increased risk of heart and lung disease, dementia and Covid-19
- Road safety will decrease, especially for children
- There will be reduced access for emergency vehicles, school buses and bin lorries
- Road rage will increase

Much better would be a compromise change to:

Mon-Thurs 8.30 - 6.30 & Friday 8.30 - 12.00

Dear Streetscene,

I'm emailing to object to the recent proposals to change CPZ times to 10-12 Mon-Fri, as this would result in the chaos that has long existed before the recent well-planned changes to parking allowances, which have been such a relief to everyone I know on this street and in the neighbourhood.

Without doubt the residents of this area will see a return to:

Problems finding parking spaces

Increased traffic, and increased aggravation by motorists due to this, the above, and the increased difficulty in movement (always a problem on Kyverdale Road until the recent changes in parking rules)

Air pollution

Risks to children and others of traffic injury

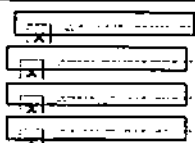

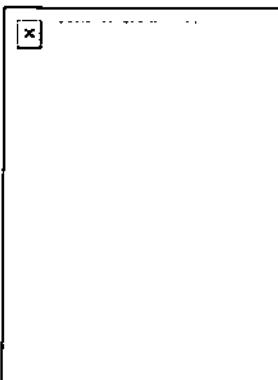

Reduced access to emergency vehicles

I also feel that this consultation process was not carried out fairly and would like to know what kind of inquiry was made into the spectacularly high return rate from people who voted for relaxed parking, as there are very few residents I know who aren't displeased with the proposed new rules.

Although ideally I would like the parking scheme to remain as it is, I support the proposition of **Mon - Thurs 8.30am - 6.30pm and Friday 8.30 - 12pm**, which will allow for all members of the community without risking a downturn in all of our well being and right to peace.

Your sincerely,

Dear Sir/Madam

I am writing to object to the proposal to change CPZ times to 10-12 mon-friday which would give parking priority to non residents. This will enable people to drive into the area and leave their cars increasing pollution and health issues. It will also make it more difficult for me and other residents to find a parking place. Noise pollution will also be increased. It will be more difficult for emergency services, council and other services to gain access. In this area we have a lot of families and something quite unusual is that you often see the children playing together in the street. With increases in traffic and congestion it will be more difficult and dangerous for the children to play out.

I am also concerned that the earlier consultation process was not done correctly or properly explained to residents. I support the compromise of: Mon-Thurs 8.30 - 6.30 & Friday 8.30 - 12.00

With best wishes

Dear Streetscene,

I object to the proposals to change CPZ times to 10-12 Mon-Fri.
Without more significant restrictions:

- Local residents will struggle to find parking
- Increased traffic will aggravate air pollution
- Air pollution is linked to A increased risk of Covid-19
- Road safety will decrease, especially for children

I was considering purchasing a parking permit under the old scheme, but will not do this if the proposed changes come to effect – there is no financial sense in purchasing the permit for just **10 hours** per week (compared to **more than 700 hours per week** under the old scheme).

I support the compromise proposition of:

Mon-Thurs 8.30 - 6.30 & Friday 8.30 - 12.00
which will meet the needs of everybody in the community.

Kind regards

I believe that the inception of the Coronavirus pandemic means we need to urgently reduce levels of pollution as there has been much evidence of the link between Covid-19 and air pollution.

Whilst being very concerned about the impact on the environment I also recognise issues of equality so I am supporting the compromise proposition of

I object to the proposed changes to CPZ time to 10-12 Mon-Fri. This change will return us to the mayhem that used to exist in this zone and give parking priority to non-residents.

- Local residents will struggle to find places near their homes for 22 hours every week day for the same permit fee.
- Increased traffic will increase air pollution. Air pollution is linked to far higher death rates of Covid-19.
- Road safety will decrease. Our roads are mostly residential and have a high population of children.

Dear Streetscene,

RE: TT1426 – OBJECTION TO ZONE T PARKING PROPOSALS

I am writing to strongly object to the proposal to change Zone T CPZ times to 10-12 Mon- Fri.

This truly baffling decision would return the area to the utter mayhem that used to exist in this zone and will greatly increase pollution and traffic volume, and will ultimately result in parking priority being given to non-residents. By any measure this is clearly not acceptable.

The huge reduction in CPZ hours of operation being proposed is blatantly contradictory to Hackney council's environmental policy and road safety policy, where clear directives have been laid down to reduce traffic and pollution in the area whilst also improving the safety on our roads, especially for children.

This 83% reduction in operational CPZ hours will result in:

- Local residents struggling to find parking
- Increased traffic will increase air pollution
- Air pollution is linked to increased risk of Covid-19
- Congested streets giving rise to traffic jams, driver aggravation and noise pollution
- Road safety will decrease, especially in relation to children and schools
- Reduced access for emergency vehicles, school buses and bin lorries

I am also very concerned that the earlier consultation process was not fair, was not administered correctly, and was not properly explained to the residents.

I fully support the compromise proposition of:

- Monday - Thursday 8.30 - 6.30 &
- Friday 8.30 - 12.00

These hours meet the needs of everybody in the community, most notably residents, faith groups and schools.

The introduction of CPZ in 2015 absolutely transformed the area. To undo all this hard work would be nothing short of madness.

Yours sincerely

Re:
CPZ Zone T
Order No. 201*TT1426

To whom this may concern

- 1) I would like to support the new hours for zone T Monday to Friday 10am-12pm which is 2 hours daily.
- 2) We request that Jewish holidays should be the same as regular holidays and parking restrictions should be exempt.
- 3) The double yellow lines in the entire zone should be reviewed with officers and the Springfield councillors who represent us and they should jointly decide if it is necessary and if it is not out of proportion.
- 4) The price of the permits are extremely high, and should be compared to Newham or Thurrock where the first permits is free, or at least to Barnet which is half the price. We request the price to come down accordingly.

Order No. 201*TT1426

To whom this may concern

- 1) I would like to support the new hours for zone T Monday to Friday 10am-12pm which is 2 hours daily.
- 2) We request that Jewish holidays should be the same as regular holidays and parking restrictions should be exempt.
- 3) The double yellow lines in the entire zone should be reviewed with officers and the Springfield councillors who represent us and they should jointly decide if it is necessary and if it is not out of proportion.
- 4) The price of the permits are extremely high, and should be compared to Newham or Thurrock where the first permits is free, or at least to Barnet which is half the price. We request the price to come down accordingly.

Re:
CPZ Zone T
Order No. 201*TT1426

To whom this may concern

- 1) I would like to support the new hours for zone T Monday to Friday 10am-12pm which is 2 hours daily.
- 2) We request that Jewish holidays should be the same as regular holidays and parking restrictions should be exempt.
- 3) The double yellow lines in the entire zone should be reviewed with officers and the Springfield councillors who represent us and they should jointly decide if it is necessary and if it is not out of proportion.
- 4) The price of the permits are extremely high, and should be compared to Newham or Thurrock where the first permits is free, or at least to Barnet which is half the price. We request the price to come down accordingly.
