

## **Geffrye Estate - Landscaping Plans Consultation**

Dear Resident,

We are writing to inform you of the proposed landscaping plans for your estate gardens. Please see the attached proposals.

This new landscaping is part of a wider project 'Connecting Hoxton Project', designed to create a more vibrant and welcoming neighbourhood for everyone. As part of this project, we are proposing to improve your estate gardens with new landscaping features.

These features include:

- perennial bulbs and wildflower sown into existing lawns
- native and fruiting hedges
- fruit trees
- bee posts, bug hotels and log piles

These proposals provide the opportunity to significantly increase the current levels of biodiversity within the estate, providing much needed habitat and introducing planting which is to be managed by the grounds maintenance team.

We believe that these improvements will not only enhance the aesthetic appeal of your estate but also provide a more enjoyable and inviting outdoor space for residents to relax and socialise.

We would like to invite you to join us on **12 November at 6pm at 65 Dunloe Street E2 8EN**, for a consultation meeting to discuss the proposed landscaping plans. At this meeting, you will have the opportunity to learn more about the project, ask questions, and provide your valuable feedback.

Alternatively, you can have your say now by filling out the short survey at:  
**<https://bit.ly/geffrye-landscaping>**

We hope you enjoy seeing the designs for your improved estate gardens.

### **How to have your say:**

**Online survey:** <https://bit.ly/geffrye-landscaping>

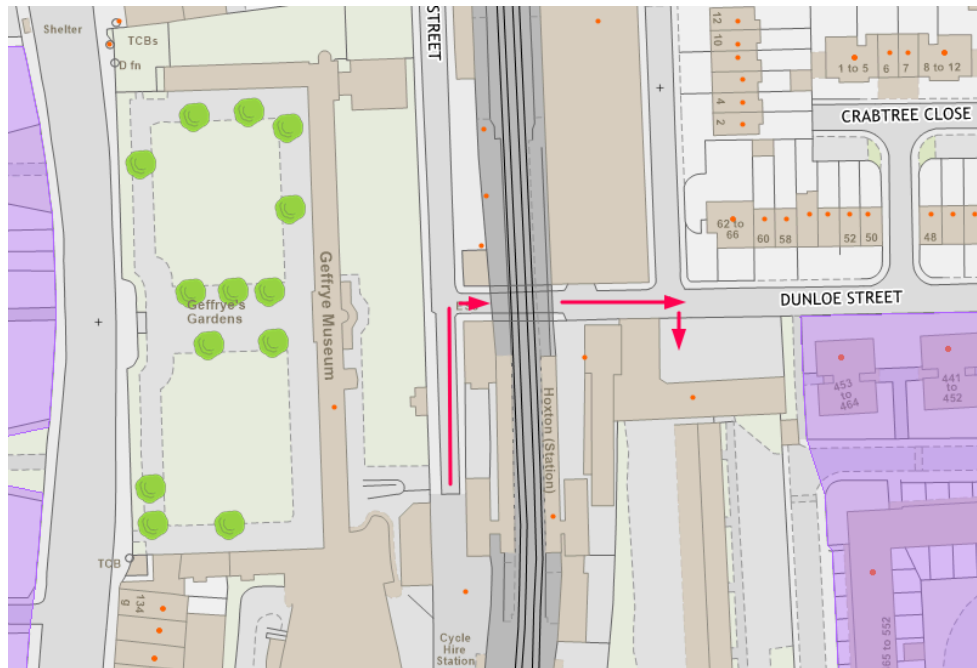

**Call 020 8356 3000**
