Upcoming improvements in your area

have **your** say

Improvements coming soon to Hoxton

We are investing in Hoxton's streets and spaces to strengthen connections across Hoxton, with the aim of improving wellbeing for local people in the area.

The Connecting Hoxton project proposes a network of interventions in and around Hoxton Street to improve social infrastructure, green space and public spaces. This is in line with the Connecting Hoxton strategy that we have developed to improve the area for everyone that lives, works or spends time in Hoxton.

We want to thank you for all your input over the last year. We are moving forward with plans to make Hoxton's streets safer, less polluted, and more convenient for walking, cycling and public transport.

A key element is reducing traffic and making street improvements, details of which can be found here.

You can view the full Connecting Hoxton Strategy and project updates at: **consultation.hackney.gov.uk/connecting-hoxton/**

Street Improvements

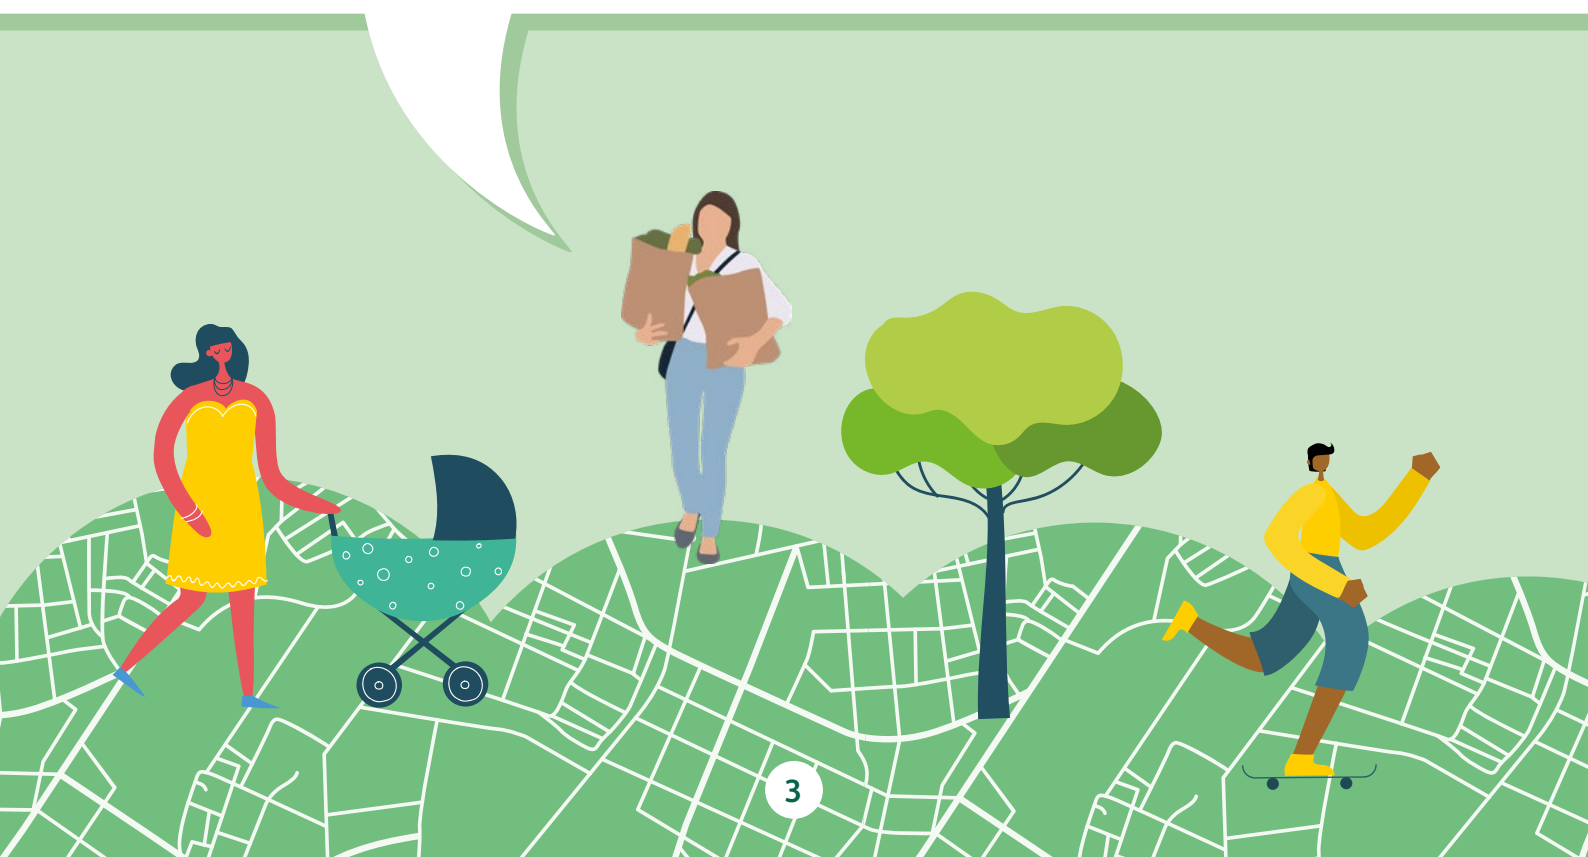

The improvements are designed to improve conditions for walking, wheeling, cycling and public transport, by managing motor traffic on residential streets. We will transform disused lawns into new habitats, plant more street trees to improve air quality, and install new seating and green space. This will create a more welcoming neighbourhood, while helping to reduce the impacts of climate change.

We have developed the designs in collaboration with local people, using feedback from co-design sessions, youth engagement, and public consultations. As changes are introduced, we will monitor the impact on traffic, air quality, and road safety.

Your feedback on how we can improve Hoxton

- Proposals for improved pedestrian areas, landscaping, and tree planting received generally positive feedback. A majority of people support the proposed traffic management measures.
- There was majority support for the new 'School Street' where St Monica's Catholic Primary School is (placing restrictions for motor vehicles at key times), and residents expressed strong support for safeguarding children's play areas, alongside new fitness equipment proposals.
- Views were divided on the proposed Hoxton Street "bus gate". This means the road would be closed to motor vehicles (with exemptions) at certain hours. A slight majority were in favour of the proposal. We are considering this feedback and will write to you again in the new year with a further update.

What we're doing to improve the streets

Hoxton Street

We have planted over 50 trees throughout Hoxton Street and nearby streets to date.

We have used raised crossings to improve accessibility to key buildings such as Hoxton Hall and Shoreditch Library.

Ivy Street (and Hoxton Street at its junction with Ivy Street)

Plans include measures to slow cyclists and improve safety for children, as well as resurfacing work to emphasise shared spaces, clearer entrances and rain gardens near the junction with Hoxton Street.

Implementation October - December 2026

Regan Way and Bachhus Walk

Wider footways, removal of obstructions and improvements to create a clearer green walkway.

Implementation October - December 2026

Hare Walk

Dropped kerbs, removal of obstructions and a crossing designed to give greater priority to pedestrians.

Implementation October - December 2026

Tyssen Street

A clearer pedestrian route and changes to reduce narrow points and improve access into the courtyard.

Additional planting between the Tyssen Street courtyard car park and adjacent flats, and improvements to play facilities.

Implementation October - December 2026

Stanway Street

Additional cycle parking, changes to the carriageway, a raised pedestrian crossing.

Implementation January - February 2027

Wilks Place

Repaving and changes to create a more continuous and accessible street.

Implementation January - February 2027

Pitfield Estate

Greening improvements, bulb planting and trees. Wider paths, seating and the possible removal of some internal fencing to make movement easier.

Implementation by March 2027

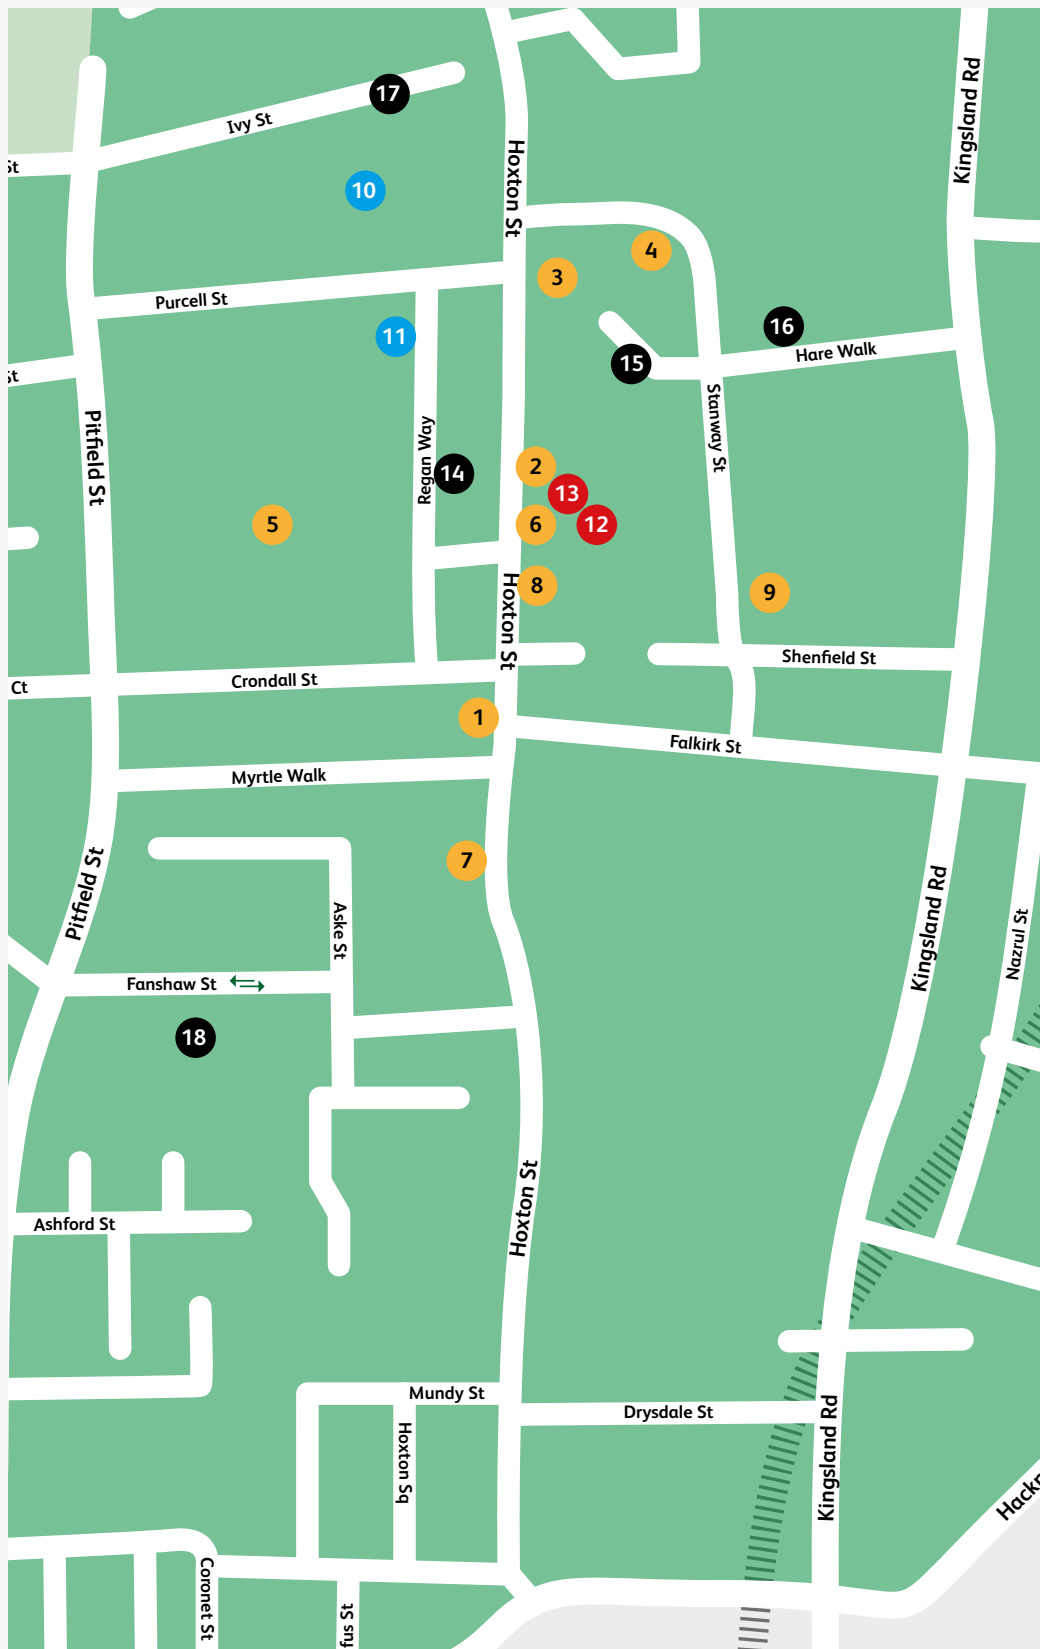

Purcell Street

A consultation will start in November on a raised crossing to provide level access between Purcell Gardens and Arden Estate Community Hall. This will coincide with refurbishment of the community hall and gardens.

Implementation 2027

Where will the changes be happening?

Complete or on-going projects

1. Market Arrival - Gateway Mural
2. Market Improvements
3. Hoxton Gardens Enhancing Access
4. Arden Estate Community Growing
5. Housing Estate Way-Finding
6. Hoxton Hall Forecourt
7. Shoreditch Library Forecourt
8. Street Tree Planting
9. Geffrye Estate Biodiversity Enhancements

Projects to be completed in 2027

10. Purcell Street Neighbourhood Park
11. Arden Estate Community Hall & Public Realm
12. Hoxton Hall Social Foyer
13. Wilks Place Transformation
14. Regan Way
15. Tyssen Street to Hare Walk
16. Hare Walk to Kingsland Road
17. Ivy Street Public Realm Improvements
18. Pitfield Estate Landscape Improvements

KEY – PROPOSALS

- Two way traffic
- Package 1
- Package 2
- Package 3

HOXTON

When can I expect the future street improvements to happen?

Future work (2027)

- Wilks Place - improving surfacing and accessibility.
- Arden Estate Community Hall - refurbishment of the building and surrounding public space.
- Green space and play improvements at Purcell Gardens and new planting on Purcell Street and Regan Way.
- Pitfield Estate - improvements to the pathways, green spaces, play area and a new gym.
- Hoxton Hall - a new lobby, creating a more welcoming and accessible space.
- “Wayfinding” - signage and identity improvements that will help create a clearer, more connected and recognisable Hoxton.

What happens next

Before changes such as school streets or bus gates are introduced, we will hold a statutory 21-day consultation.

Notices will be displayed on local lamp columns and published in the Hackney Gazette and London Gazette. We will also deliver ‘start of works notification’ leaflets to residents in the immediate area of the works with details of the temporary traffic management plans and access routes.

We will consider any objections received during the consultation before a final decision is made. The outcome, as well as Frequently Asked Questions, can be found at: **consultation.hackney.gov.uk/connecting-hoxton/**.

Information on how to apply for a Blue Badge and a HAC01 permit can be found online at: **<https://hackney.gov.uk/blue-badge>**.

More information on the proposed bus gate will be communicated early next year.
