

## Narrow Way Public Realm Business Review

Following on from the re-routing of buses from The Narrow Way in 2013, the Council is now looking to revitalise the area to improve Hackney Central as a thriving and vibrant destination for both residents and visitors.

We aim to:

- Enhance the high street to attract more shoppers to the area
- Support local businesses
- Create an adaptable space to host events and respond to future retail demands

A key part of this process is understanding your business operations and how improvements may help you and your business. Therefore, we would like you to complete a short questionnaire to help shape the design of the Narrow Way.

The questionnaire, titled the 'Narrow Way Public Realm Business Review', can found here:  
<https://consultation.hackney.gov.uk>

Or you can complete the questionnaire on the back of this leaflet and return it in the freepost envelope provided.

These must be complete by **Monday 16 February 2015**.

### What Happens Next?

Based on the information you provide, we will consider how your needs can be integrated into the Narrow Way design whilst meeting the key objectives of the scheme.

Designers may contact you to get more info, but if you do not hear back you will be consulted later this year as part of a wider public consultation.

If you have any queries or concerns prior to this please feel free to contact the design team on –  
**020 8356 2897**

# Questionnaire

## Narrow Way Public Realm Business Review

Business name:

Manager name:

Manager contact details:

Business open hours:

Business delivery and service details:

Time of day deliveries are received:

Frequency:

Average duration of delivery:

Delivery location:

Size of delivery vehicle:

Size of goods delivered:

Loading/unloading method:

How and when is your refuse collected?

How would you prefer the Council contacts you in future?

Are your business operations likely to change in the near future? Yes  No

If so how would this affect your delivery or service requirements?

How could servicing be improved for your business?

Are you aware of any basements or cellars in your building that may be affected by works on the Narrow Way?

What improvements would you like to see on the Narrow Way?
