

# BUTTERFIELD GREEN SOUTH

## PLAY AREA IMPROVEMENTS

We are improving Butterfield Green's southern play area! We are adding new equipment, planting and landscaping. We would love to hear what you think.

- Ⓐ A basket swing
- Ⓑ Boulders and logs are dotted around for climbing, sitting and playing
- Ⓒ Two new sandpits, one with a roundabout and one with a climbing wall
- Ⓓ A new mound provides a home for a wide slide, stepping logs, a balancing rope and a tunnel
- Ⓔ An accessible ground level trampoline
- Ⓕ A new path improves circulation within the park while providing easy access to the play elements for all
- Ⓖ New benches
- Ⓗ An open grass area for running about and picnics
- Ⓘ A low level hedge helps enclose the play area but ensures that the southern corner of the park remains accessible for other park users
- ⓵ Meadow planting provides seasonal visual interest and increases biodiversity
- ⓶ Self closing gate
- ⓸ Existing ping pong table

**KEY**

Existing elements to be retained	Sand pit
Vegetation retained	Safety surfacing
Hedge planting	Pathway
Meadow planting	Dual recycling bin
Grass
